# Wilderness Challenge

## Camping & Outdoor Skills Competition

In 2001, the Nashville Royal Ambassador Leadership Team began to evaluate its programs and how those programs were used to reach local Royal Ambassadors for Christ. From these discussions, RA Wilderness Challenge was born.

Wilderness Challenge gives RAs the opportunity to actually put the skills they learn each week into practice while camping and then take those same skills into competition. It is also a learning time for those who do not have the time or experience to teach campcraft skills during their regular RA Chapter Meeting time.
